AYUNTAMIENTO DE MARACENA

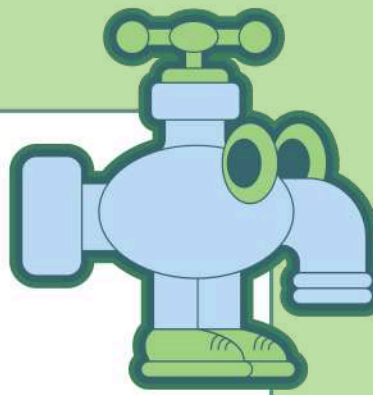

WHO WE ARE

The **Ayuntamiento de Maracena**, in the municipality of **Maracena**, has as a main goal and vision to constantly stimulate young people about various aspects, beyond everyday life. Aiming to make youngsters learn and have an active participation in the community, the municipality has embodied this vision in **Espacio Joven**. Since it is an all-encompassing youth center, it provides an open platform for people to explore & express themselves and open up for opportunities that lie ahead.

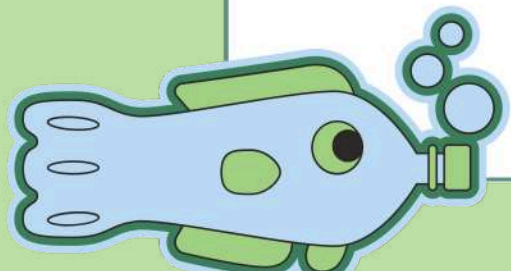

WHAT IS THE PROJECT ABOUT?

Modern life keeps young people **highly connected to technology** but increasingly disconnected from the natural world. Many young people spend most of their free time on screens, which limits their opportunities to enjoy outdoor play, develop **environmental awareness**, and build a **personal relationship with nature**. This distance often results in less respect for the environment and fewer **sustainable habits**.

The Treehouse aims to change this by offering a unique experience where young people will spend a full week living together in a natural setting. Through workshops, outdoor games, and community activities guided by youth workers, participants will explore key concepts of ecology and sustainability in a fun and practical way.

OBJECTIVES

Reconnect with Nature

Spend a week outdoors to rediscover the joy of nature and feel it as a common home.

Learn Ecology by Doing

Use games and workshops to understand sustainability in a practical, fun way.

Digital Detox

Disconnect from screens to focus on real connections and shared experiences.

Build Responsibility

Take small eco-actions and learn how to protect the planet every day

Share European Values

Live together with peers from different countries and embrace diversityh

<https://campinglosbermejales.com/>.

Participants will be divided by gender for accommodation. We will encourage mixing participants from different nationalities, especially during daytime activities.

We will visit Granada City during the youth exchange.

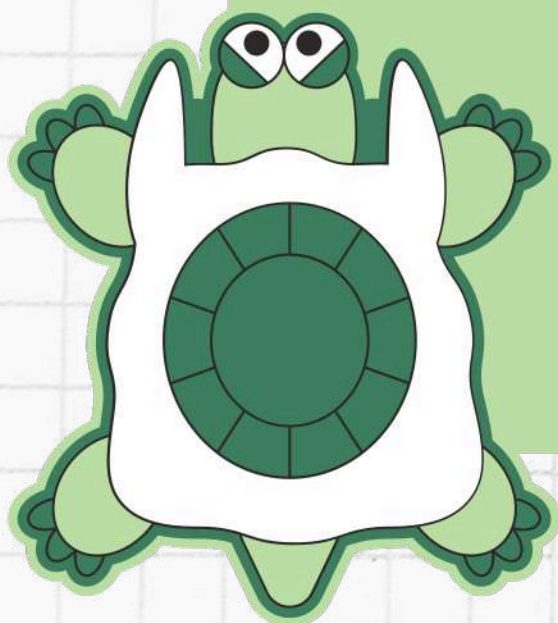

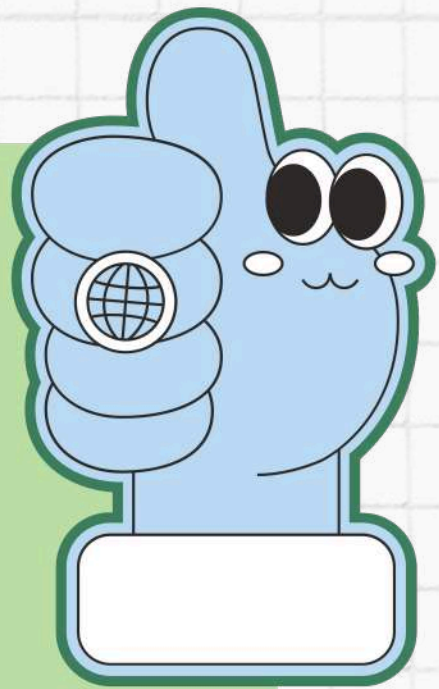

TRAVEL

We will follow the Erasmus+ Programme Guide 2025 rules and use the official distance calculator to reimburse travel costs. Travel days are 03/11 and 09/11

To reach the project venue, the Ayuntamiento de Maracena will provide a private bus from Málaga Airport. **Therefore, it is mandatory that all participants arrive at Málaga Airport on 3 November before 18:00. Ayuntamiento de Maracena will discount 15 euros from each participant to cover the bus expense**

The journey to the campsite will take approximately 1.5 hours by bus. Please note that there is no public transport to the campsite, as it is located in a natural park area.

. Once the invoices and boarding passes are sent, the reimbursement will be done within 3 months

Project rules

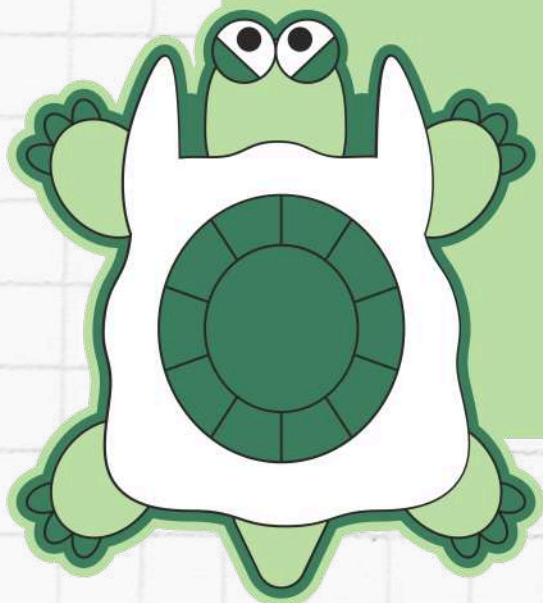

During all daytime activities, mobile phones will not be allowed. They will be collected by the organizers and stored in a **silent box**. Phones may be used for one hour per day, before dinner, to contact family if needed.

We will encourage mixing nationalities during activities to promote intercultural learning.

All participants will be required to sign a Code of Conduct and commit to:

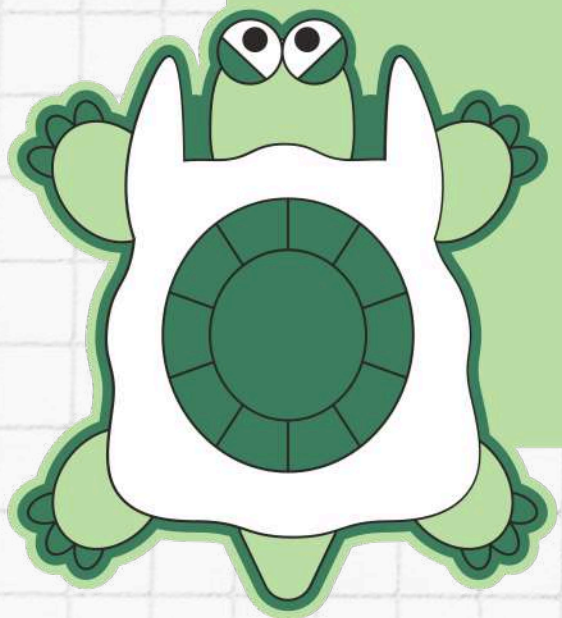

- Following at all times the instructions of team leaders and facilitators.
- Respecting the campsite, the natural environment, and the group's shared spaces.
- Maintaining a positive attitude, ensuring a safe and inclusive atmosphere for everyone.
