GROW VIA CULTURE

BECOME A VOLUNTEER

**LEARN AND
EXPERIENCE CULTURE
IN LITHUANIA**

Grow via Culture Nr 3 project has a long-term vision of developing skills and competences for personal and professional development of young people who are willing to engage themselves in the field of culture, arts and civic education. This project would encourage the active participation in culture and society as a tool of active citizenship. Through engaging into high quality cultural activities and immersing oneself into new cultural environment, the volunteer will build bridges between the national and the new culture and raise awareness of being a part of a wider international community. Approaching new culture and immersing yourself into it, you tend to raise your solidarity towards others.

*engage yourself in life-
changing experience :)*
