2. Participants

We are expecting 10 participants per country from age 14 to 18 and 1 youth leader. Try to provide gender balance. Our group is formed just of boys.

We would like you to give chance to at least half of participant with fewer opportunities and those who did not yet have a chance to travel abroad. It is important that we enrich them with international experience, broaden their perspective, give them opportunity of meet, and cooperate with peers from Europe.

7. What to bring

1. There will be a special activity where participants will present their lifestyle and culture. You can prepare activities, games or sketches. It is up to your own imagination. You can choose between any of the areas of life e.g. everyday life, employment, education, customs,..
The main idea is for all of us to get to know your country better.
2. Every participant country will have to prepare one dinner with traditional food. Please let us know what exquisite menus you will have and witch ingredients you need so we can arrange them for you.
3. Until Friday the 28th of July, we will send you the activity timetable where you will find the activity you are supposed to prepare for the Youth Exchange
